Working Group 4 (WGIC)

International Cooperation deals with ENSREG's international nuclear safety cooperation and assistance activities. This group gives, via ENSREG, strategic advice and input to the Commission inter alia in the areas of nuclear safety and radiation protection (where related to radioactive material management) within the INSC (Instrument of Nuclear Safety Cooperation) but also addresses all international activities that ENSREG decides to be important.

[Read more](#)

Working Group 3 (WGTA)

Improving Transparency Arrangements strives to make nuclear safety information and the work of ENSREG in regulating nuclear safety transparent and accessible to interested EU citizens by promoting good practice among MS with regard to openness and transparency as well as public involvement on issues relating to the safety of nuclear installations.

[Read more](#)

Working Group 2 on Waste Management and Decommissioning (WGRWMD)

Improving Radioactive Waste Management, Spent Fuel and Decommissioning Arrangements endeavours to improve the safety of the management of spent fuel and radioactive waste and decommissioning in the European citizen interest.

[Read more](#)

Working Group 1 on Nuclear Safety (WGNS)

Improving Nuclear Safety Arrangements strives to foster continuous improvement in the

national arrangements for nuclear safety regulation in all EU Member States.
