Statement from Mr Hartmut Klonk, President of the ENSREG National Action Plans Workshop of 22-26 April 2013, Brussels

The ENSREG National Action Plans Workshop was held on 22-26 April 2013 in Brussels under the presidency of Mr Hartmut Klonk, Germany, Chairperson of ENSREG Working Group on Nuclear Safety.

The Workshop resulted from the action plan agreed by the European Nuclear Safety Regulators Group (ENSREG) following the European stress test. The stress test was requested by the European Council in the aftermath of the Fukushima Dai-ichi nuclear power plant accident on 11 March 2011 and consisted of a comprehensive and transparent risk and safety assessment (?stress tests?) conducted in 2011 in light of the Fukushima lessons learned and a peer review in 2012. According to the ENSREG action plan, each participating country was requested to submit a National Action Plan in response to the findings of the stress test.
