

First ENSREG Nuclear Safety Conference - Brussels, 28/29 June 2011

The first European Nuclear Safety Conference will be held in Brussels on 28 and 29 June 2011. The aim of this event, organised by the European nuclear safety authorities in ENSREG, is to describe the achievements made during the last ten years on the path to improving nuclear safety in Europe. The General Message of the Conference is attached for reference. Participation in the conference will be managed by invitation and registration of participants, based on national quotas, through each EU member state's National Contact Point.

Dedicated web pages (Micro site), providing further information, including the Conference Programme, the official list of national contact points and how to register, will be available shortly.
