

Government Reform in Taiwan

**Department of Nuclear
Regulation
AEC, Taiwan
July 9, 2013**

Government Structure (Nuclear related)

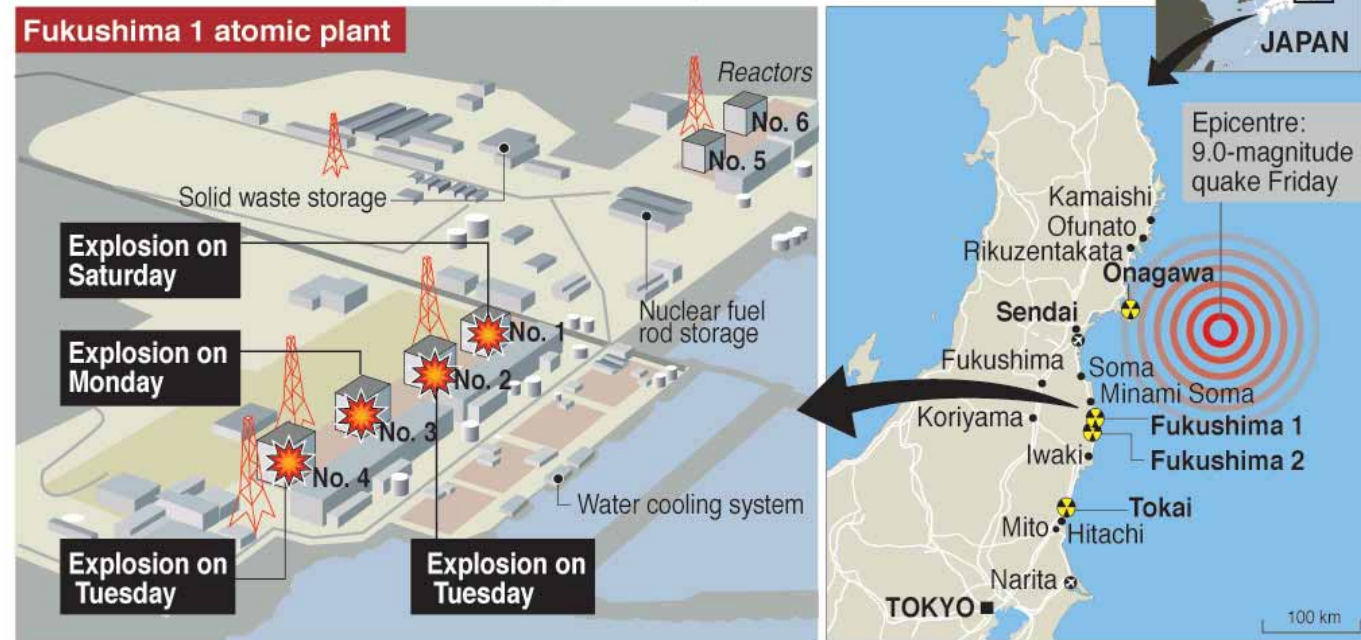

Current AEC Organization

Government Reform

Crisis at Fukushima nuclear power plant

Tens of thousands evacuated from 20km radius of the plant, people living within a further 10km of the zone urged to stay indoors

Government Reform (1/3)

- **“Amendments to the Law Governing Organization of the Executive Yuan” passed in January 2010:**
 - **37** 2nd-tier ministries → **29** 2nd-tier ministries
 - National Science Council + Atomic Energy Council
→ Ministry of Science and Technology (MOST)
 - Ministry of Economic Affairs → Ministry of Economic and Energy Affairs

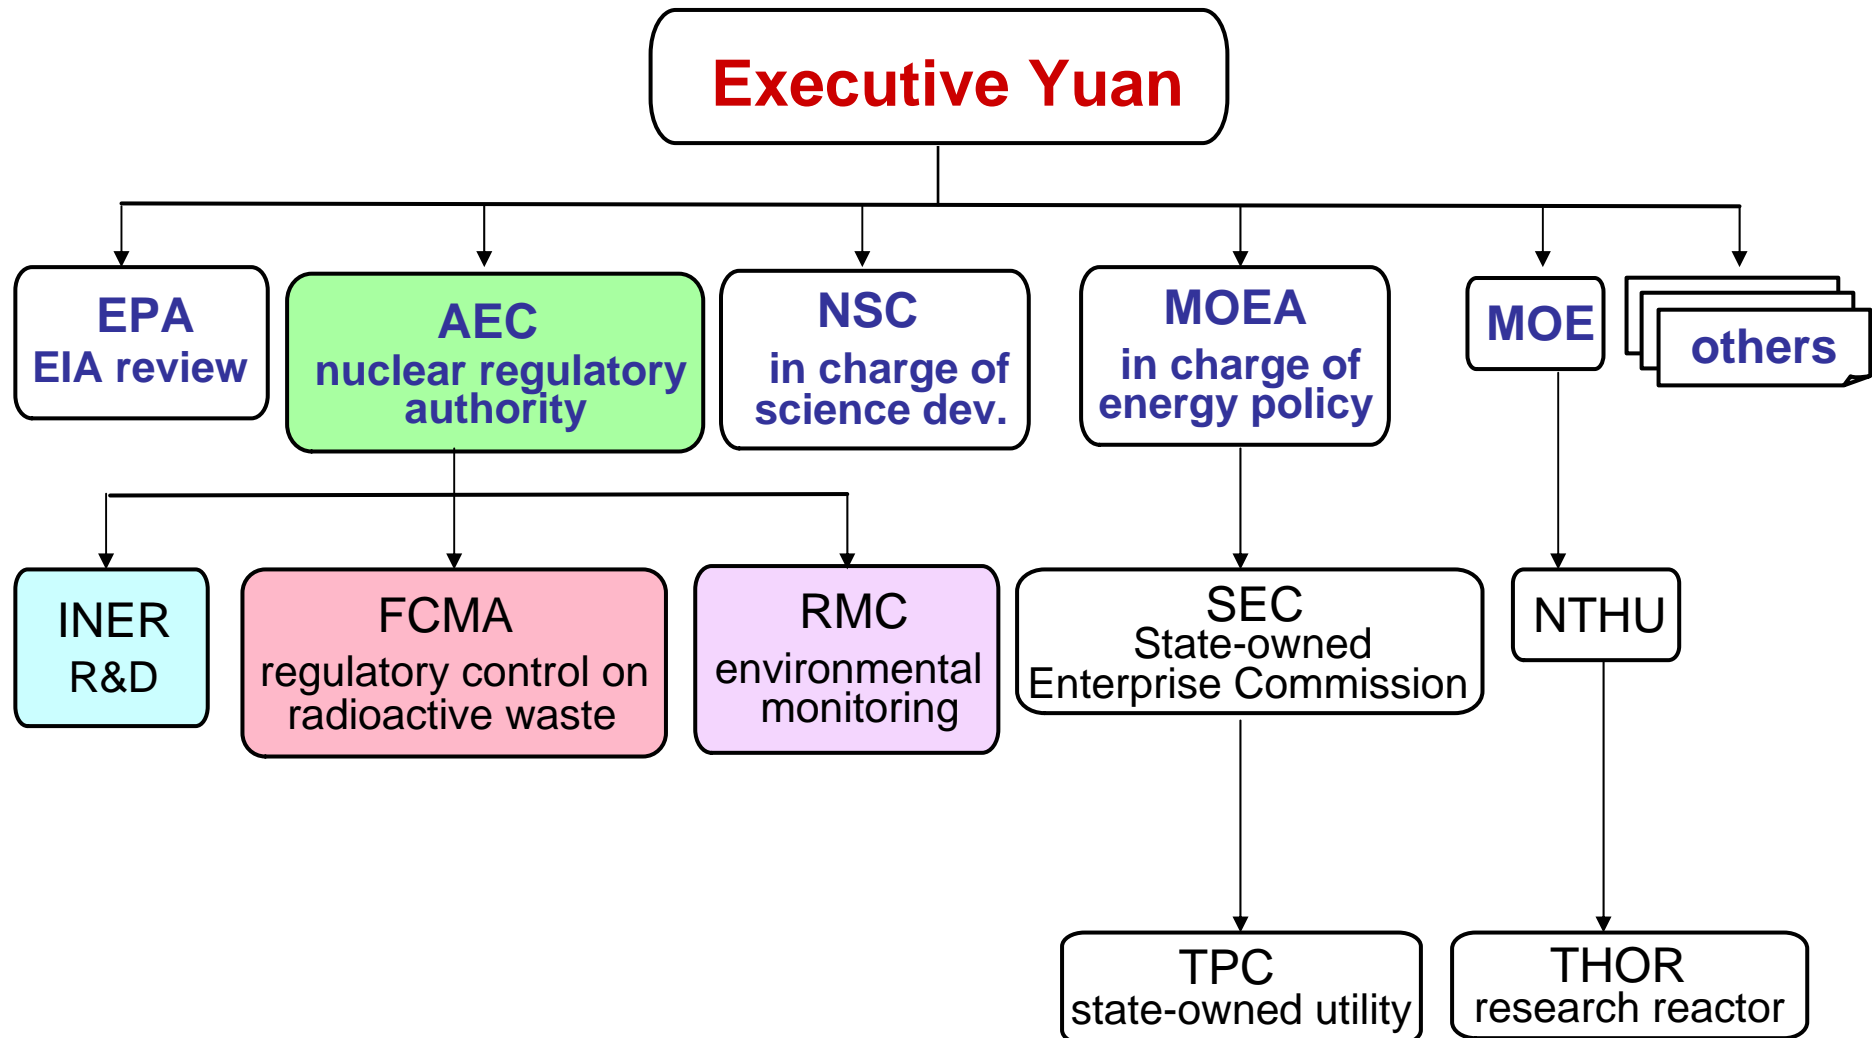

Government Reform (2/3)

- **The Executive Yuan further confirmed in mid 2010:**
 - Functions and resources of **AEC** HQs, FCMA, RMC and part of INER (supporting nuclear safety regulation) will be **under MOST**
 - All functions and resources of **INER** except those supporting nuclear safety regulation will be **under MOEEA**
- **Reform started from January 2012**

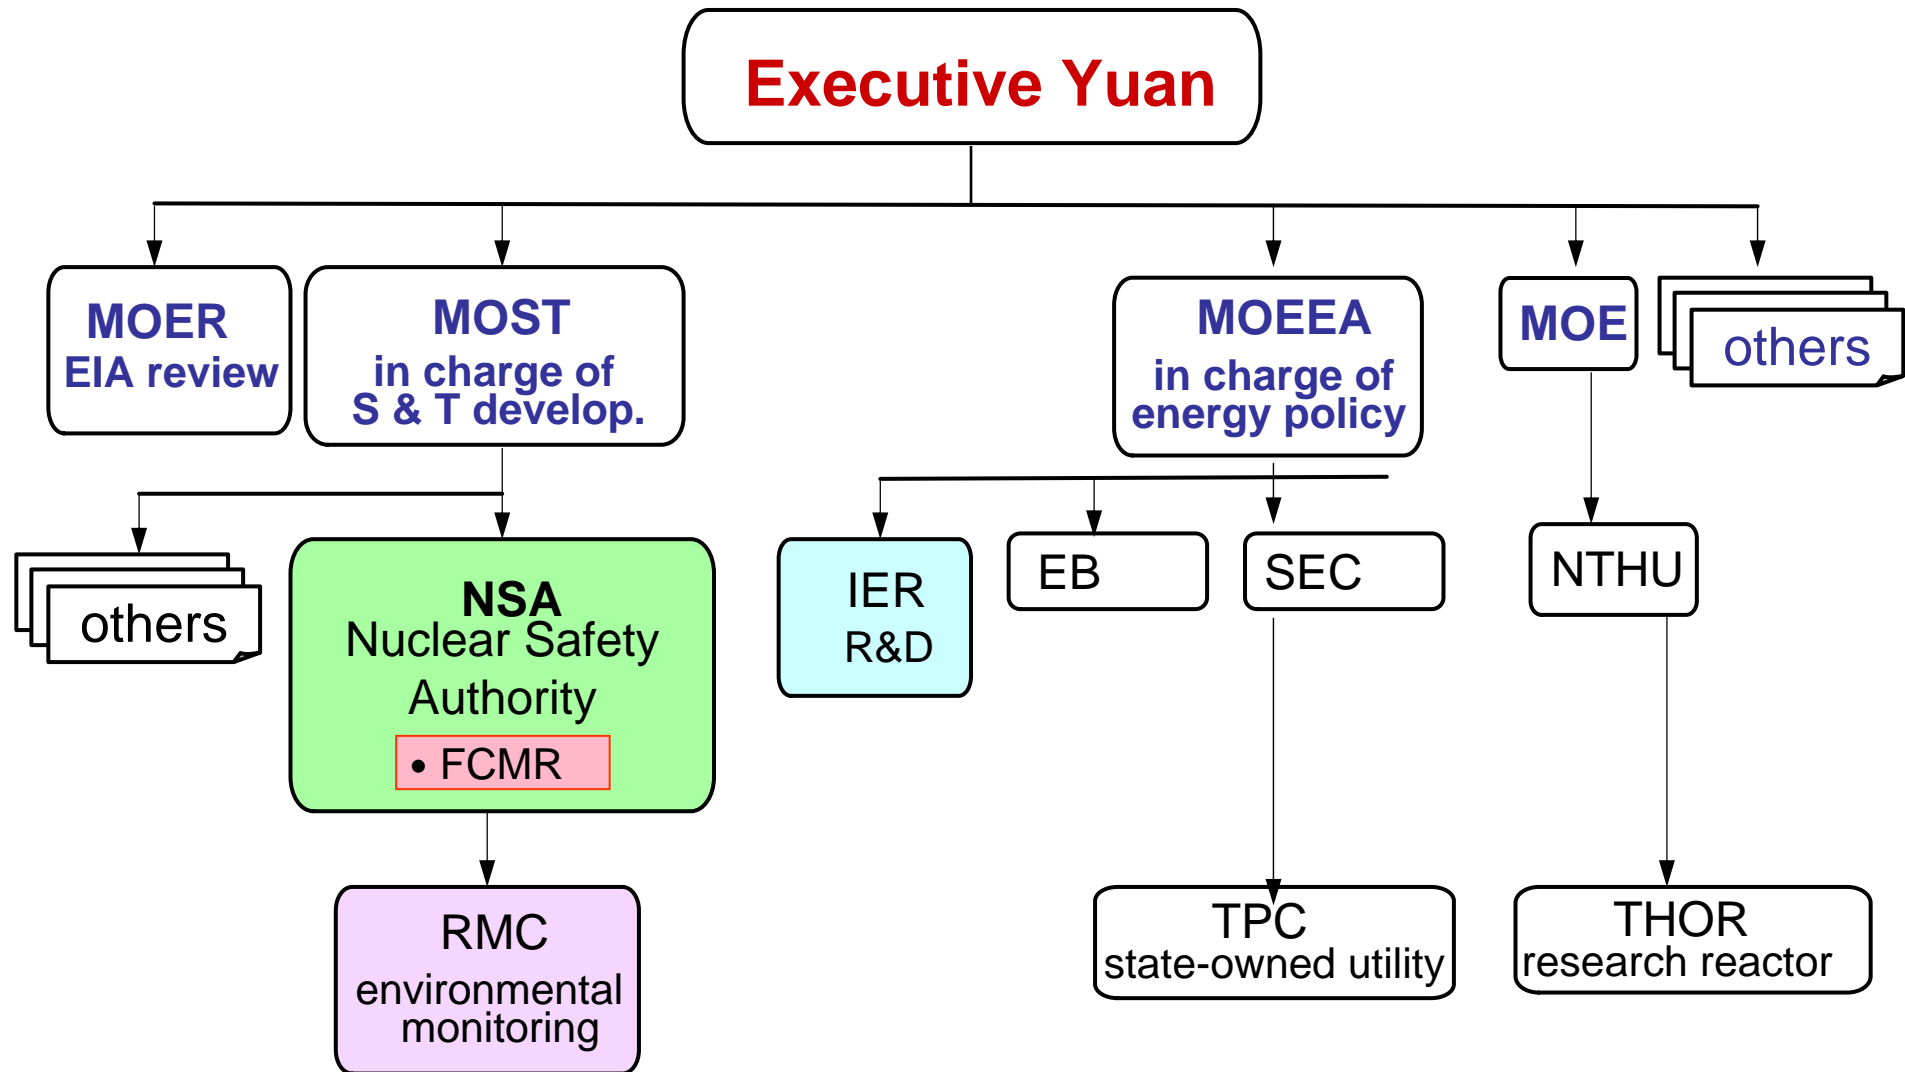

Government Reform (3/3)

- **The Executive Yuan modified the nuclear regulatory body in late 2012:**
 - Functions and resources of **AEC** HQs, FCMA, RMC and part of INER (supporting nuclear safety regulation) will be a 3rd- tier independent **Nuclear Safety Commission**
 - All functions and resources of **INER** except those supporting nuclear safety regulation will still be **under MOEEA**
 - No permanent 3rd-tier organization directly under Executive Yuan existed before
